## **Under The City's New Licensing System, Not All Courses Are Approved For All Licenses.**

As we continue to get courses approved for each specific trade license, we will make notation to designate course approval. The course flyer should not be used as the final word. Should you have further questions concerning course license credit, please visit our website, ([www.iuoelocal95.org](http://www.iuoelocal95.org)) under classes, or our mobile site. We are constructing a database with the latest course/license approvals. Check back often as it is updated in real time, and things are subject to change.
